Objectives

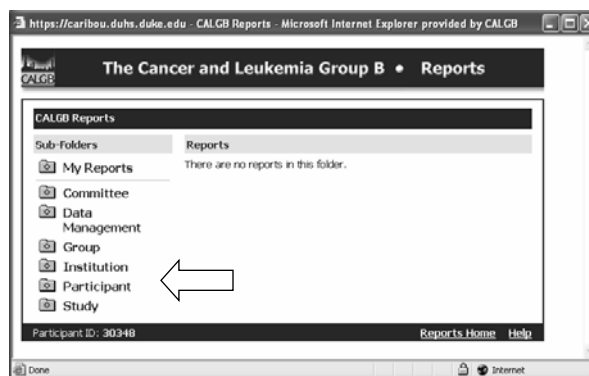

- Describe web reports
 - Describe CRA use of web reports
 - Describe how to obtain web reports
 - Show web report example
 - How to get help
-

Web Reports Overview

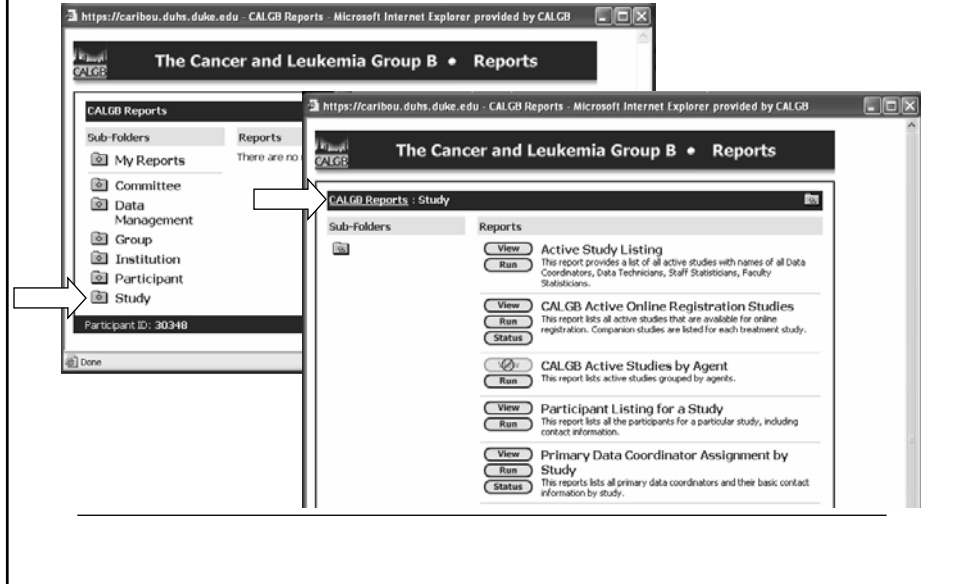

- Like Patient Registration and LabTrak, Web Reports is a CALGB Web Application
 - Lets you view CALGB reports on the internet
 - Use web reports for example to:
 - Get information about studies, i.e., active studies, participant list for a study
 - Get contact information for other participants
 - Get information about institutions, i.e., IRB status
-

How to Access Web Reports

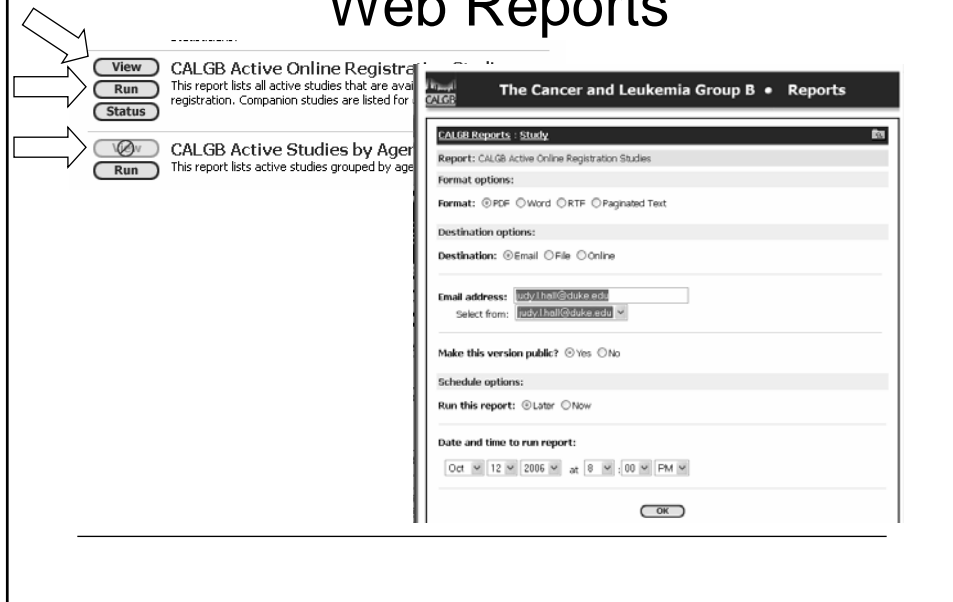

- www.calgb.org
- Member Site tab
